Print this coupon and give it to our plumber upon arrival.

This coupon entitles you to a \$21 Water Heater inspection and cleaning. We will power drain your water heater helping to clean out calcium build up. We will remove and inspect the sacrificial anode rod. The Temperature pressure relief valve will be exercised according to the manufacturer's instructions. We will let you see inside your water heater so you can judge the condition it is in.

If your existing hose faucet fails to reseal (happens often) we we replace it for free.

Residential owner occupied homes only. Must be presented at the time of service. No cash value. Cannot be combined with any other offer or discount.
